

Обитатели морских глубин

Автор- Карамышева НФ

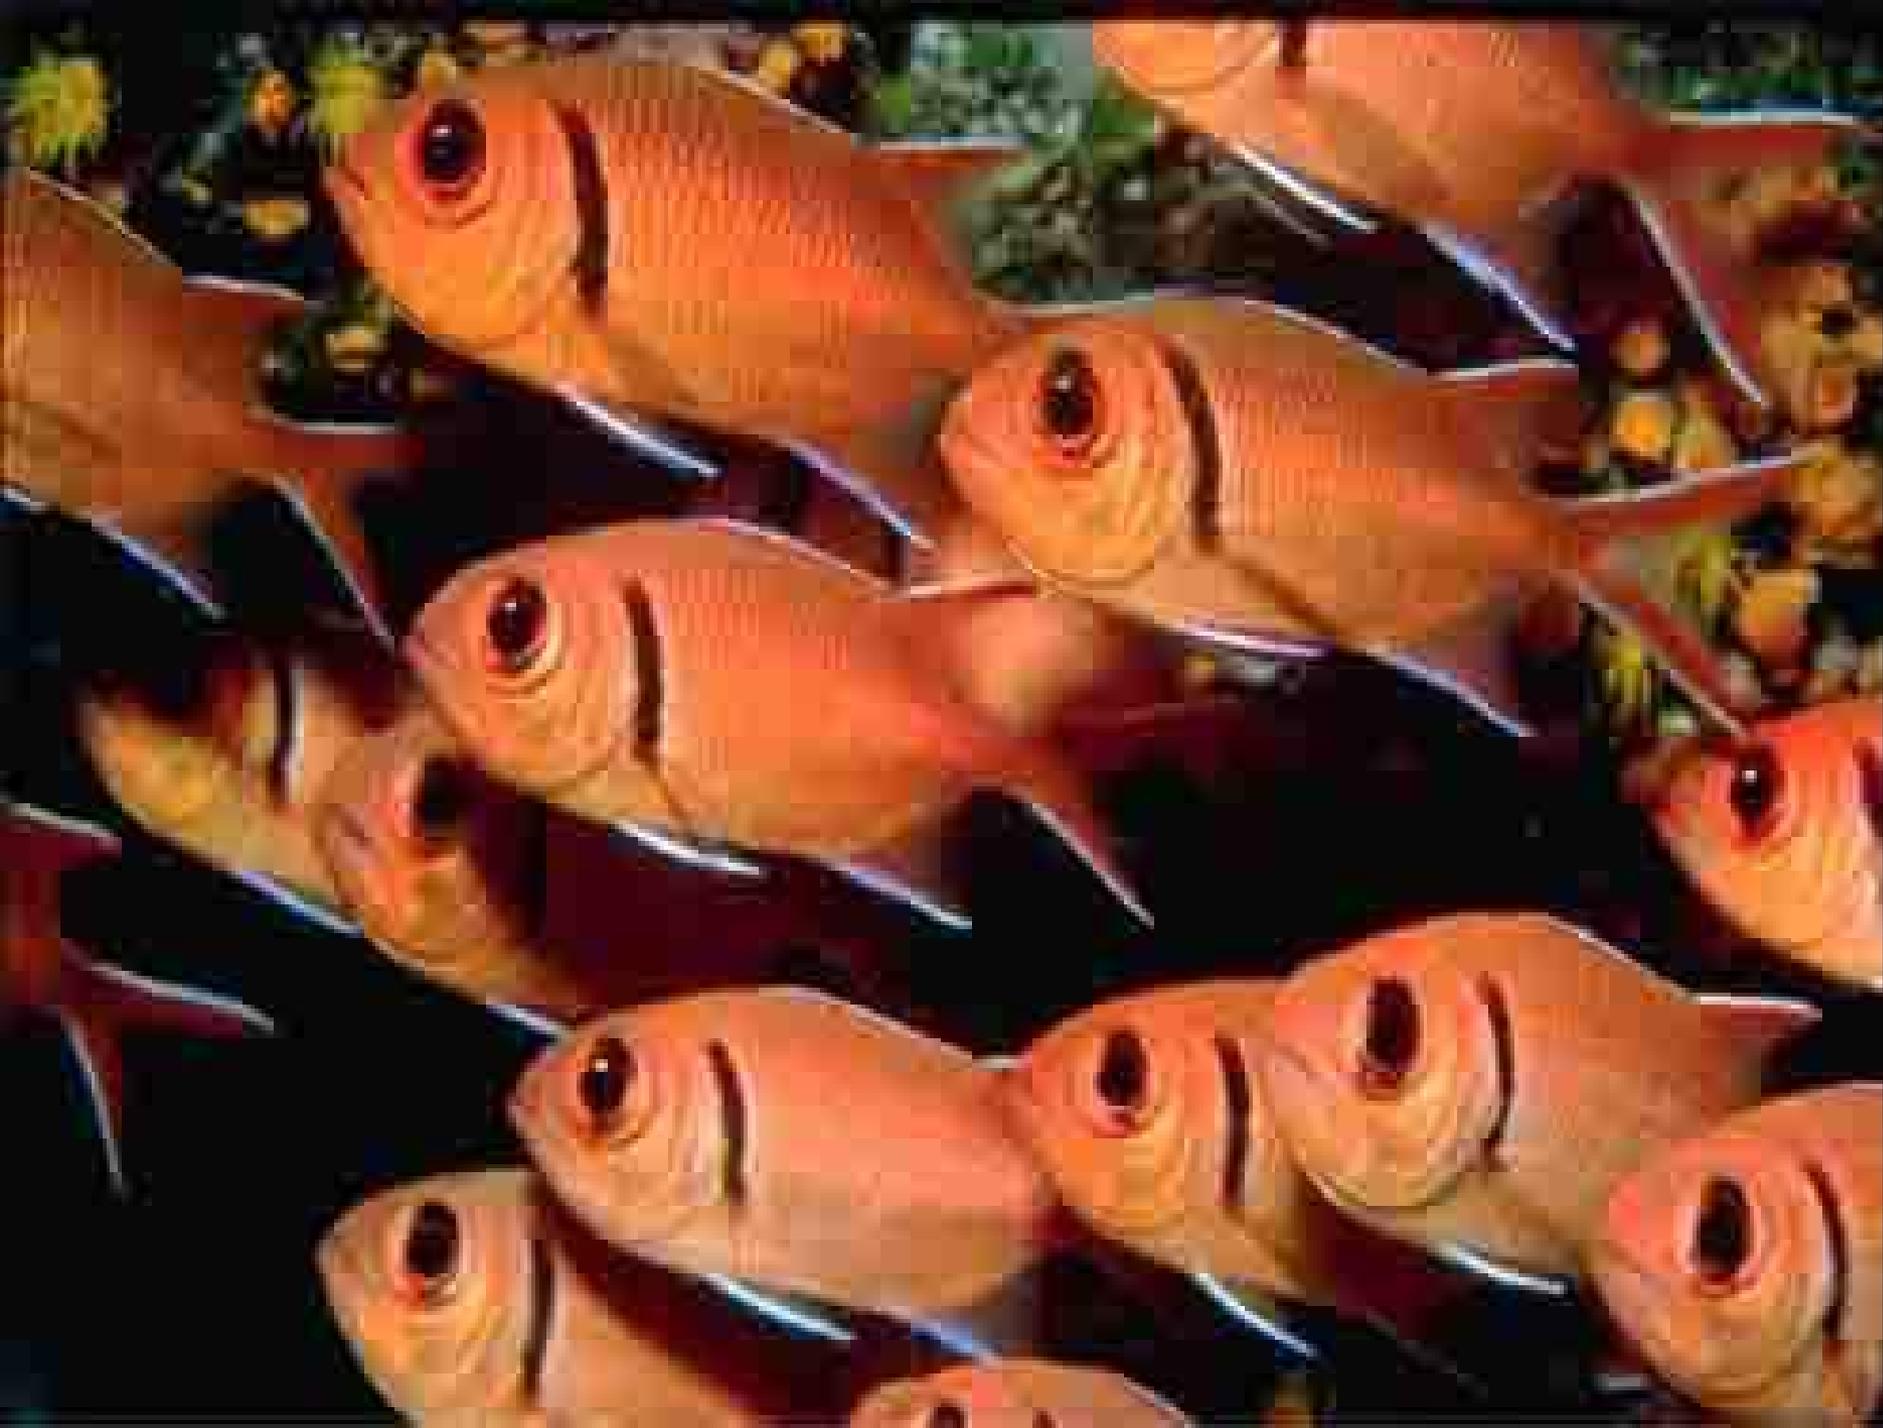

Море...

A photograph of a large, powerful wave crashing, with white foam and spray against a deep blue background. The wave is the central focus, moving from the left towards the right. The water is a rich, dark blue, and the foam is bright white, creating a stark contrast. The overall scene is dynamic and captures the raw power of the ocean.

В нем обитают тысячи удивительных существ

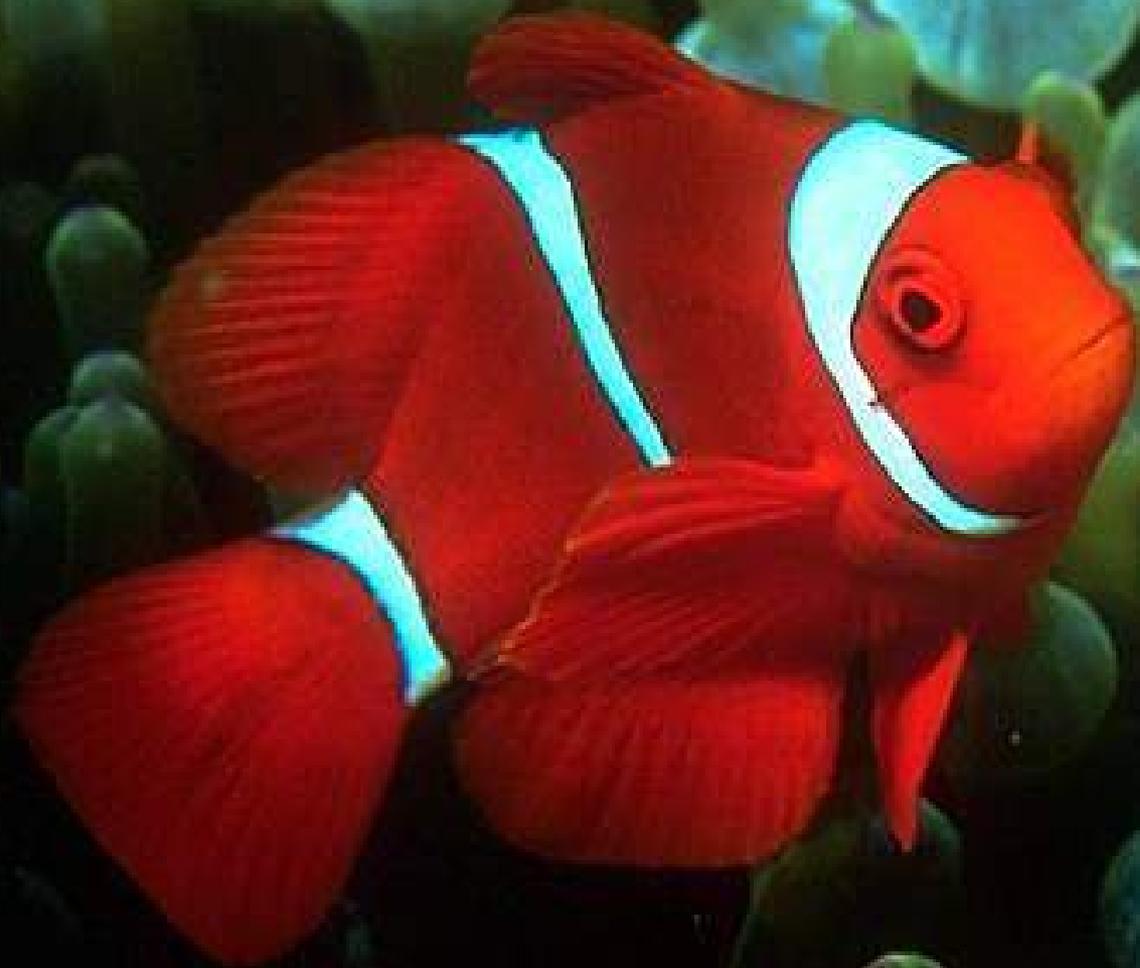

Яркие рыбки

СКАТ

ОСЬМИНОГ

Морская звезда

устрица

наутилус

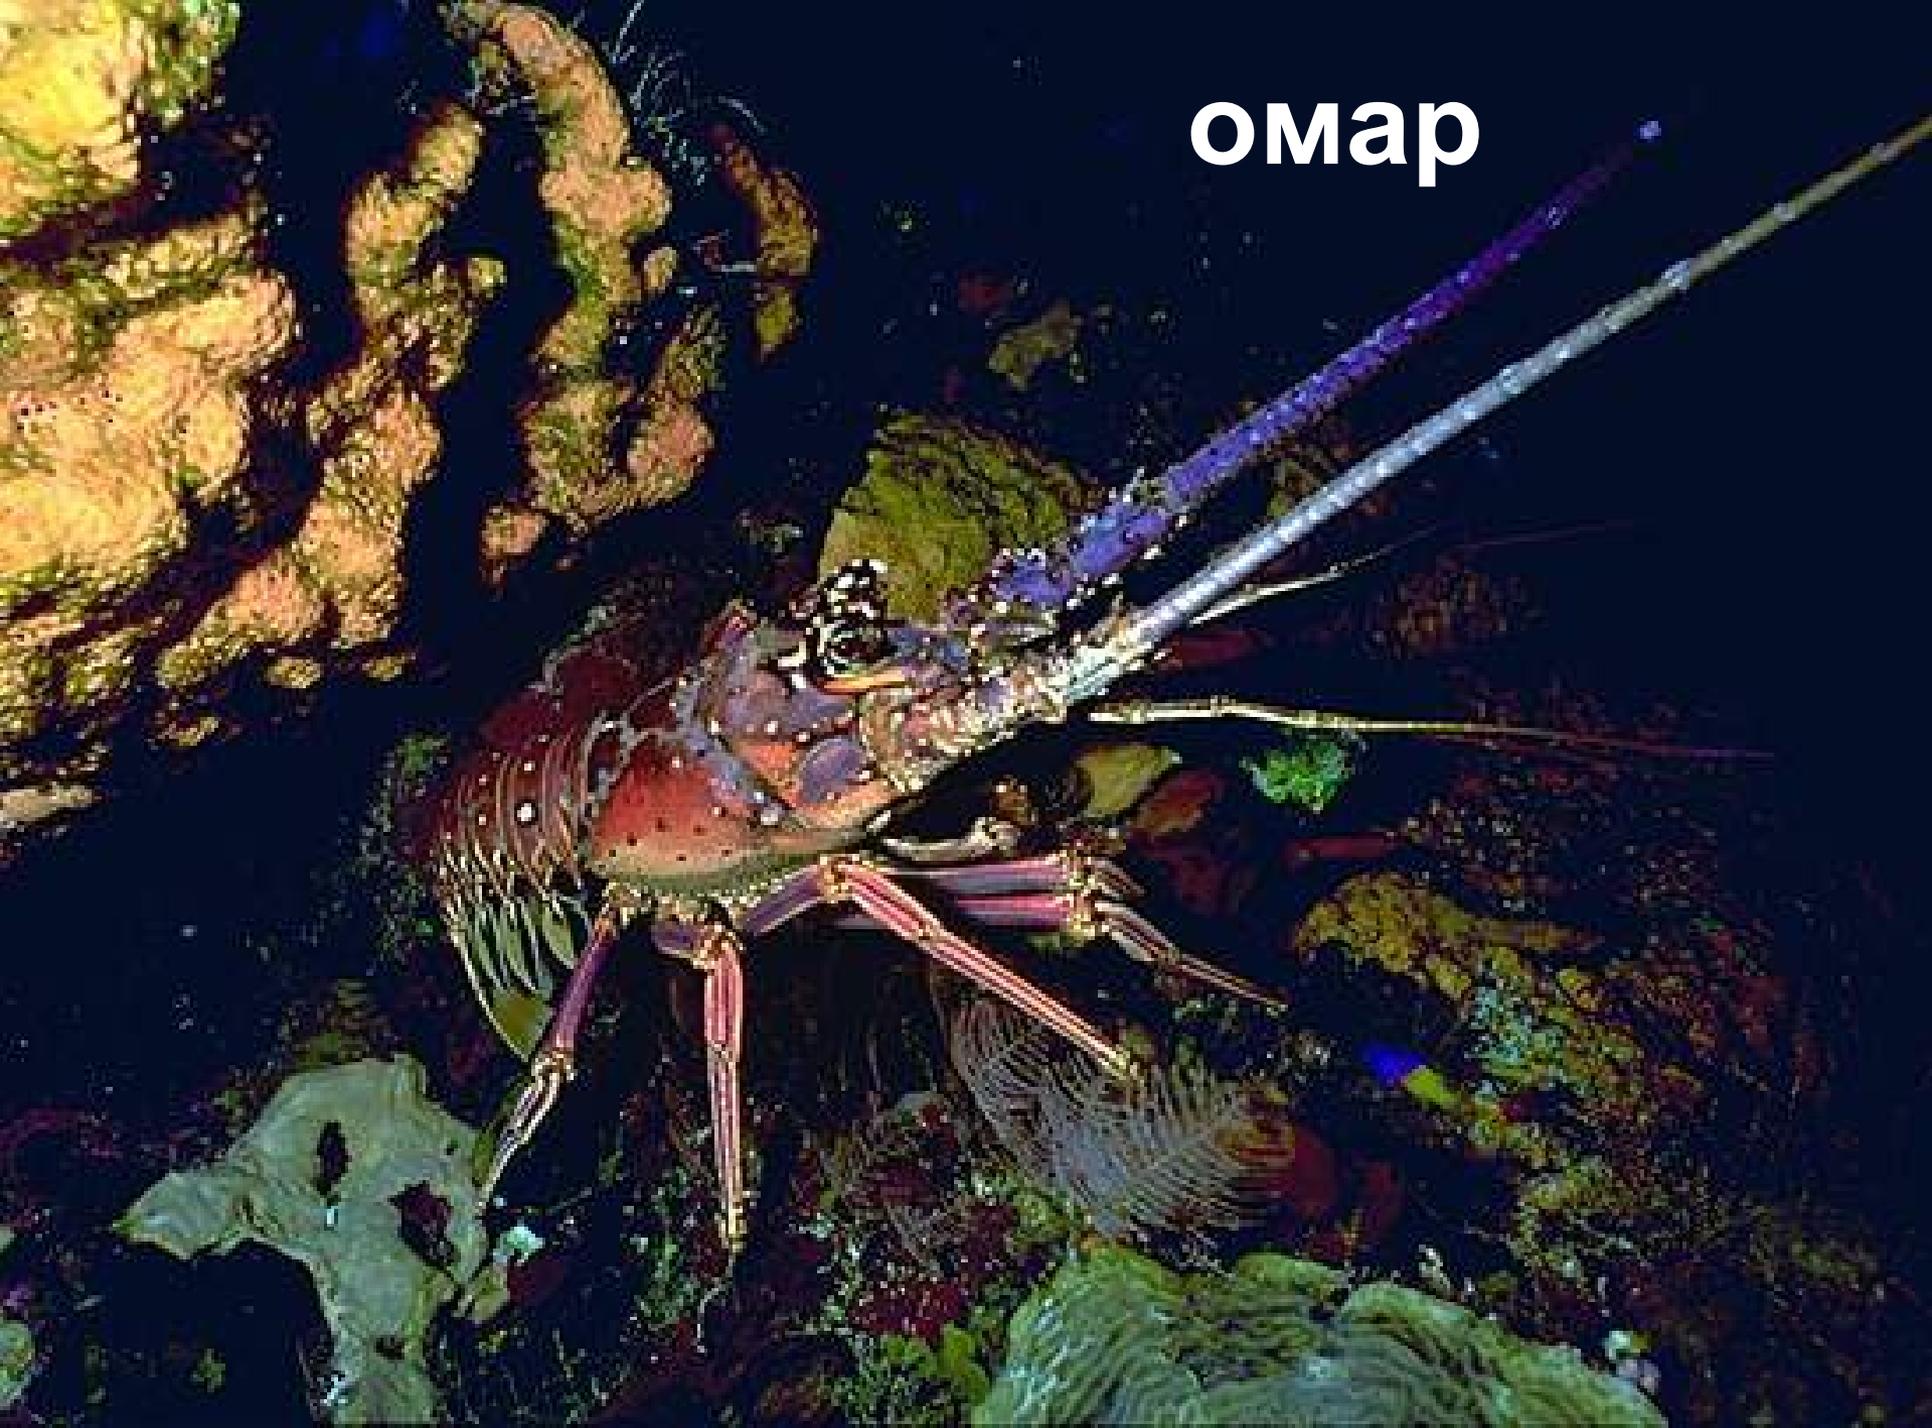

Морская черепаха

краб

омар

кораллы
